EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Abstract:

In line 2, "included" has been changed to --including--.

Specification:

Page 1:

Immediately following the title, the following related cases data has been inserted:

This application is a §371 national stage application of PCT/JP03/11563, filed September 10, 2003, which claims priority to Japanese application 2002-263728, filed September 10, 2002.

Claims:

Claim 1:

In line 2, "of garments or the like" has been deleted.

Claim 11:

In line 2, "of garments or the like" has been deleted.

Claim 12:

In line 2, "of garments or the like" has been deleted.

The above claim changes were made to obviate a potential rejection under §112, 2nd paragraph. The phrase "or the like" rendered the claims indefinite because the claims include elements not actually disclosed (i.e.

Art Unit: 3726

those encompassed by "or the like"), and the scope of the claims was therefore unascertainable. See MPEP § 2173.05(d). The specification refers only to "garments or the like" and provides no examples of other alternatives.

Drawings:

The following changes to the drawings have been required by the examiner:

Figures 1-3 must be labeled as "PRIOR ART" since only that which is old is illustrated therein.

In order to avoid abandonment of the application, applicant must make the above noted drawing changes.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The prior art fails to teach or fairly suggest the claimed device or method, wherein a laser beam source and optical sensor are used in combination with a stop section to position a button at a specific orientation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
